## **DETAILED ACTION**

This Office action is in response to the amendment filed September 8, 2006.

1. The rejection under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01 is **withdrawn** in view of the amendment to the claims which now recited a 'copolymer'.

## Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
   The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claim 45 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term 'quadracyclane; is not known in the chemistry and therefore the claim is unclear as to the desired scope of the protection sought.

Correction is necessary.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

GOODALL et al (6,723,486) disclose the presence of a reaction product of a quadricyclane and a benzoate, however it lacks the claimed reaction product wherein a fluoroalkyl benzoate is reacted with a quadracyclane.
